## REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

None of the prior art of record, neither alone nor in combination, is deemed to teach nor fairly suggest the instantly claimed "for each of the at least one surface section, examining a plurality of possible divisions of the surface section into triangles which connect the vertices of the perimeter polygon, and assigning costs to each of the plurality of possible divisions based on a function which relates individual triangles to each other, or to some characteristic of the source surface, or both, and comparing the costs of each of said plurality of possible divisions to determine the optimal triangulation of each perimeter polygon, each triangulation corresponding to a developable surface which has the perimeter polygon as a perimeter; using each optimal triangulation to define a perimeter of a flattened output surface element," in combination with the other instantly claimed elements of the "method for producing an output surface composed of developable surface elements corresponding to a three-dimensional source model surface," or similar language in each of the independent claims.

2. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Maria N. Von Buhr whose telephone number is 703-305-3837. The examiner can normally be reached on M-F (9am-5pm).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Leo Picard can be reached on 703-308-0538. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
